1. Introduction

- 1.1. Welcome to Darlington Borough Councils Infrastructure Funding Statement (IFS). This sets out the income and expenditure relating to Section 106 (S106) agreements for the financial year 1 April 2019 – 31 March 2020
- 1.2. The Infrastructure Funding Statement is an annual report to be published by the end of December each year which provides a summary of the financial and non-financial Developer contributions relating to Section 106 Legal Agreements within the Darlington Borough for the specified financial year
- 1.3. This report provides information on the monetary (and non-monetary) contributions sought and received from developers for the provision of infrastructure to support development in Darlington, and the subsequent use of those contributions by Darlington Borough Council.
- 1.4. Section 106 of the Town and Country Planning Act 1990 enables a local planning authority to enter into a negotiated agreement – a planning obligation - to mitigate the impact of a specific development, to make it acceptable in planning terms.
The planning obligation might, for example, require the provision or contribution to a new or improved road, school, health facility or local green infrastructure.
Local planning authorities can also seek planning obligations to secure a proportion of affordable housing from residential developments

2. Sources of Income – Developer Contributions. Section 106 Planning Obligations

- 2.1. Section 106 Agreements are legal agreements which can be attached to a planning permission to mitigate the impact of an otherwise unacceptable development to make it acceptable in planning terms.
- 2.2. Obligations can only be sought where they are directly related to the development, fairly and reasonably related in scale and kind to the development and necessary to make the development acceptable.
- 2.3. S106 Agreements are used to mitigate the impacts of development and ensure that local plan policy requirements and can include the following:
 - site specific financial contributions- these are used for defined purposes that must be evidenced and justified examples of such include the provision of education facilities commuted sums in lieu of affordable housing and open space provision;
 - provision of on-site affordable housing
 - non-financial obligations such as Open Space and travel plans.

3. Section 106 (Planning Obligations) Report

3.1. The following information is presented in order to comply with the requirements for the reporting of section 106 agreements. It sets out how much S 106 has been collected, where it has been allocated and how it has been spent. It includes monetary as well as non-monetary contributions. Each S 106 agreement is associated with the planning application all details and relevant documentation for each application can be viewed online on the council's planning portal. www.darlington.gov.uk/pa
